

Leicester, Friday pm.
Aug. 17. 1860.

Dear Mr. Garrison -

95 -

You are at home again,
I see, - I trust greatly invigorated
by your season of rest & recreation,
among the pure air & healthful
influences of the Northern hills.
If it be any subject of congratulation
to be in Boston in August, I
congratulate you on getting home.
I hope Mrs. Garrison & all of you
are well.

My trip - by various circum-
stances - has been delayed, again
and again, until it almost seems
as if nothing would come of it. -
However, we are now talking of
setting forth next Tuesday morning,
& going first to Montreal, - having been
invited by our cousins there to visit

them during the holidays caused
by the Prince's arrival and
reception there. Thence we
may go down the St. Lawrence,
perhaps ~~to~~ its entire length, into
the Gulf, and so home by the
way of New Brunswick.

I enclose a notice of the
August number of the Advocate,
for your use, if you please.

Dr. Cheever has had, I
judge, a very encouraging
reception in London. It was
much to get out Dr. Campbell,
and those officials of leading
Congregational Societies. I trust
they will none of them back down.

Love to all at 221, (Washington St.
N.S. Office.)

Truly Yrs
S. May Jr

J. M. Dr.
